Thinking of going to Medical School?

Increase your chances
with our 8 week pre-med
taster course

Run by: clinical
exchange

What is the course about?

This course is for anyone who either knows they want to go to medical school or who is thinking about going.

It will give you a real flavour of what you may expect should you decide to apply for medical training.

We cover a range of subjects from learning about major body systems and reviewing diagnostic techniques to the practical aspects of patient interviewing and helping you prepare for that all important interview to get into med school!

You will be taught by a range of professionals including Consultants, GPs, medical students and nurses giving you a really comprehensive overview of what it's like to be part of the medical profession.

Who is it for and how long is the course?

It is aimed at students aged from 15 to 19 who are considering a career in medicine.

All lectures will take place at The Clinical Exchange, based in the heart of the Surrey Research Park, right next door to the Royal Surrey County Hospital.

Each session is run for two hours once a week from 6pm to 8pm over an eight week period and is a mix of theory and practical.

Each course is limited to a maximum of 12 students to ensure you get ample practical time and personal interaction.

Course details

- Week 1:** Imaging - looking at the different types of imaging that are used for both diagnosis and to aid with treatment.
Practical - Use of an ultrasound machine, and comparing scans.
